Are there things about your appearance you will not alter? _____

Any known allergies? (Please include food allergies)

Any medical needs or considerations to share with production at this time?

****Medical and allergy information will not keep you from being considered.

Please note that this play deals with subjects including faith, evolution, freedom, education, literalism, judgment, and death. If the performer is an adult, please acknowledge by initialing you are aware of this and want to proceed with the audition process.

If the performer is a minor, guardians please have the age appropriate conversation with them and see if this is a deal breaker for the youth or the guardian. Guardians need to sign off but I would like to have the minor's initial at minimum for their consent and to know this has been discussed. (Thank you in advance! -Rob W.)
