

South Jackson's 6th Annual Trees of Christmas! December 3-7, 2025

Tree sponsors

We would like to invite your business/organization to be a part of our 6th Annual Trees of Christmas Event. By joining forces with you, we can bring joy and hope to our community this Christmas all while supporting a couple of area non-profits and having your business/organization promoted to thousands of patrons that will be through the building during the month of December.

As a Sponsor you would pay \$60 to register. We will provide a 7 foot tree. The tree will be set up and ready for you to decorate. You will need your decorations, Tree skirt and topper.

All decorations must be on the Tree, under the Tree or on top of the Tree - nothing beside the Tree. The tree will be pre-lit with white lights—you can add more white lights or turn off the white lights and decorate with any color lights you would prefer. If you participated last season we ask that your tree have a different look. You can add to what you had or do something totally different. We want the public to anticipate coming to see something different every year.

No tree will be officially reserved until sponsorship fee is paid.

Your business/organization would be advertised on all of our media outlets as a sponsor. Your Tree will need to have a theme and name. We will provide a sign with your tree name and business logo, that you provide us, to be placed with the tree. You can also provide a brochure about your organization for guests to take - a stand will be provided for your items. No signs larger than 12" x 12" please. We will have the trees ready for you to come in and decorate beginning November 23rd. Our designated dates for decorating are:
